Interim Treasurers Report - December 2019 by John Bygrave

Very little to report as I have not done much this month. I have had a lot of correspondence regard the proposed road works near Manor Pond, but as we could do nothing about any of it, I did not respond.

My main job at the moment is to get the books ready for the accountant as it is the end of our financial year.

I have a returned key and books from one of our members who is too ill to use them, he has asked for a rebate. I think we should give him 50%, do members agree? Members did not agree by a slight majority.

I have some raffle tickets from Angling Trust, I propose to buy a book for CALPAC as usual, any objections?? There were no objections.

I have received and paid bill for the Arun, the only rents that have not come in are Yalding and Stew Pond.

We have to make up our mind about Stew Pond for next season very quickly as I have to get copy to the printers for our books.

I have returned BCAA books with a letter, and I have to do booking for our 2020 meetings!

Fisheries Reports for December 2019 by Dean Hawkins

Good evening everyone, and please allow me to wish you all a very Merry Christmas and Tight Lines for the New Year. I would also like to extend these wishes to all of our members.

I really only have one thing of note to report this month, which is that I have renewed the stocking permit for Padworth. This is based on the assumption that because the habitat works have been completed on the Southern Channel, the EA will continue with their re-stocking program.

Other than that, we can hopefully look forward to decent ground water levels next summer, after all the rain we have experienced recently.

Competition Secretary - No Report

Match Report by John Bygrave

The Invicta Shield was held 1st December 2019 at Yalding. Only two clubs entered Banstead and Southwark & Camberwell. The match was held on the cut for the second year running as the main river was in spate but mainly, I suspect because no one fancied the walk, conditions were terrible, very cold, very windy but at least the rain held off until the match was over. Everybody caught and the result turned around the last couple of years with Southwark & Camberwell winning easily by 26 points to 10.

Southwark & Camberwell had the top four weights, but the winning weight was only 14oz.

Fish caught were Roach, Perch, Bream, Gudgeon and Pope, obviously nothing sizeable.

Membership Secretary - No Report

Items Discussed in Other Business

- Roy Pollard said don't forget he has still got CALPAC lawn mower and it is still working well. He also has a tank he used for transporting fish and wants to know if we want it?

Happy Christmas and New Year to our members.
